

Hartford Bible Church  
**Proposed Sermon Schedule**  
the rest of 2021, into 2022

For many of you enjoying the preaching in the book of Psalms in August, 2021, I'm sorry to say that was just an interlude (Selah?) between series. Jeff Serafin suggested we do that when we switch series.

Starting in September, we plan to preach through the books of Romans and Judges, two books that speak so strongly to our day. Pastor Dan thinks Romans is the most important book in the Bible, and must be studied periodically for personal growth, evangelism, discipling and counseling others, and practical living. Judges is mankind on his own and the consequences of that. Please pray for these sermons!
